Supremecoat Vision Treatment System

Why choose Supremecoat Vision treatment?

When examined under a microscope, the surface of your car's windscreen has a rough cross-section consisting of peaks and valleys. With untreated windscreens, hard to remove road films and other contaminants get trapped and build upon the surface.

In poor weather conditions visibility can be greatly reduced due to water not clearing off the glass.

Supremecoat Vision is a true all season glass treatment system that greatly increases driver visibility in all weather conditions.

Supremecoat Vision Treatment

How does Supremecoat Vision Work?

When applied to your vehicles glass, Supremecoat Vision's advanced formulation interlocks its molecular structure to the glass, sealing the microscopic pores, creating a highly durable super-hydrophobic protective layer between the glass and the elements.

After your vehicle's glass surface have been treated with Supremecoat Vision, rain beads up and rolls off the surface, dirt is less able to stick, insects are easier to remove. No matter what the conditions are outside, the Supremecoat Vision treatment helps keep your vehicles windows clearer.

Untreated

Treated

“Our finest made windscreen and glass treatment system is now available. Following years of extensive research and testing, your new or pre-owned vehicle will benefit from the advancements in glass treatment technology”

Benefits of Supremecoat Vision

Water Repellent

Supremecoat Vision is super-hydrophobic which makes rain just bounce off your windscreen.

Longevity

Supremecoat Vision is highly durable and will provide up to 2 years* of protection.

Better Visibility

Supremecoat Vision's super-hydrophobic properties greatly improves driver visibility in all weather conditions.

Frost Resistant

With Supremecoat Vision snow and ice can be easily removed from glass surfaces.

Bug Protection

Supremecoat Vision treatment makes the task of removing bug matter from your windscreen effortless.

Easy Maintenance

Maintain optimum performance by regularly cleaning the windscreen and wiper blades with a soft vehicle shampoo, check wiper blade condition and replace if worn.

* To gain up to 2 years protection, the product MUST be applied in accordance with Supremecoat's application guidelines. Upon application an authenticity certificate will be supplied to the helmet's owner.
