# Supremecoat Visor Treatment System

## Why choose Supremecoat Visor treatment?

When examined under a microscope, the surface of your helmet's visor has a rough cross-section consisting of peaks and valleys. With untreated visors, hard to remove road films and other contaminants get trapped and build upon the surface.

In poor weather conditions visibility can be greatly reduced due to water not clearing off the visor.

Supremecoat Visor is a true all-season visor treatment system that greatly increases rider visibility in all weather conditions.

# Supremecoat Visor Treatment

## How does Supremecoat Visor Treatment Work?

When applied to your helmet's visor, Supremecoat Visor's advanced formulation interlocks its molecular structure to the visor, sealing the microscopic pores, creating a highly durable super-hydrophobic protective layer between the visor and the elements.

After your helmet's visor surface have been treated with Supremecoat Visor, rain beads up and rolls off the surface, dirt is less able to stick, insects are easier to remove. No matter what the conditions are outside, Supremecoat Visor treatment helps keep your helmet's visor clearer.

Untreated

Treated

“Our finest made visor treatment system is now available. Following years of extensive research and testing, your visor will benefit from the advancements in visor treatment technology”

## Benefits of Supremecoat Visor

### Water Repellent

Supremecoat Visor is hydrophobic which makes rain just bounce off your visor.

### Longevity

Supremecoat Visor is highly durable and will provide up to 2 years\* of protection.

### Better Visibility

Supremecoat Visor's super-hydrophobic properties greatly improves rider visibility in all weather conditions.

### Easy Maintenance

Maintain optimum performance by regularly cleaning the visor with a gentle cleaner.

### Bug Protection

Supremecoat Visor treatment makes the task of removing bug matter from your visor effortless.

\* To gain up to 2 years protection, the product MUST be applied in accordance with Supremecoat's application guidelines.
